A multiprofessional development programme open to early career pharmacists

Further develop your **generalist skills** and become a **holistic healthcare professional** with the **capability to adapt** to the needs of patients within the ever-changing **healthcare environment**

- Understand complex needs of patients, their ability to engage with multiple services and how to deliver medicines optimisation in a multiprofessional context
- Promote social justice, ensure everyone can access high quality healthcare and reduce health inequalities
- Champion sustainable healthcare practices across the system leading to improved patient and population outcomes

Join our webinar

to find out more about the 2026-2027 offer and benefits for early career pharmacists

Tuesday 19th May 12:30 – 13:00
